

Decisions

We pledge to act and interact in ways that contribute to an open, welcoming, diverse, inclusive, and healthy community.

Our Standards

Examples of behavior that contributes to a positive environment for our community include:

- * Demonstrating empathy and kindness toward other people
- * Being respectful of differing opinions, viewpoints, and experiences
- * Giving and gracefully accepting constructive feedback
- * Accepting responsibility and apologizing to those affected by our mistakes, and learning from the experience
- * Focusing on what is best not just for us as individuals, but for the overall community.

Consensus. Involve a third party if there are disagreements

Attendance

Plan to always come to class unless something comes up. Always contact the other person if you know you will be late or miss class.

Assignments

During individual meetings we will decide who works on what section of the project using the SCRUM sheet document.

Participation

Texting is the preferred method of communication. Decide between ourselves who is better at what parts and divide them equally

Meeting Times and Locations/Mediums

We can meet during class most of the time, but if we need to discuss or work on parts of the project outside of class we will meet at the library on Thursday's after class.
